CONTENTS

Prathibha Bharathi, Ch and Sumanth Kumar Kunda
Haemato-Immunological Responses to Dietary Omega-3 Fatty Acids Fed to Fingerlings of Fish *Labeo rohita* ................ pp. 87-97

Abubakar Yahaya, Amina Hassan Abubakar and Jamilu Garba
Statistical Analysis on the Advantages of Portfolio Diversification ...... pp. 98-106

Saurabh Manro
Common Fixed Point Theorem for Four Mappings without Continuity and Compatibility on Intuitionistic Fuzzy Metric Space ........... pp. 107-116

Seema Sarkar (Mondal) and Savita Pathak
Possibilistic Linear Programming Approach to the Multi-item Aggregate Production Planning .................................. pp. 117-131

Pallavi, M. Muthuswami, R.N. Bhaskar and V. Naveen
Role of Food Additives on Young Age Silkworm (*Bombyxmori*.L.) Rearing .................................................. pp. 132-140

R.S. Chandel and Rakesh Verma
Fixed Point Theorem in Menger Space using Weakly Compatible ..... pp. 141-148

P. Lasunon and T. Remsungnen
A New Algorithm for Solving Tri-Level Linear Programming Problems ..................................................... pp. 149-157

Bheshaj Kumar, G. R. Sinha and Kavita Thakur
Quality Assessment of Compressed MR Medical Images using General Regression Neural Network ............................. pp. 158-169
